

COMMUNITY SUPPORT CARD

Our **Community Support Card** is a great fundraising program for schools, sports teams and community groups. They're free, they're easy and everybody loves them! They provide your organization with the money it needs... and gives supporters something of value.

Community Support Cards are customized with your fundraising event and sold in the community for \$10 each. All proceeds (the full \$10) from the sale of each card is kept by your organization. Purchasers of the card receive a special freebie every time they show the card when purchasing any two pizzas at regular price. Cardholders have their choice of free: *Pizza, Cheesy Strips, Garlic Bread with Cheese, 4 Cans of Pop or Caesar Salad!* As an added bonus, cards may be saved and used, unlimited times, for 6 months. Everyone wins!

It's easy to arrange participation (*yes, it's really this easy!*):

1. **Decide on your fundraiser.** Try to include the name of your organization and the fundraiser itself (for example, Central Public School Grade 8 Trip).
2. **Decide how many cards you feel your organization can reasonably sell.** If you run out and would still like to sell more, you may order additional cards.
3. **Decide when your organization will sell the cards.** We recommend concentrating sales over a 1 or 2 week period. We need to know when you will be selling the cards so we can determine the appropriate expiry date.
4. **Call your nearest New Orleans Pizza store and speak with the Manager.** Tell them you would like to place an order for Community Support cards. You will need to provide them with the information decided above.
5. **Pick up your cards and commence your fundraising.** Your Community Support cards will take 2 to 3 weeks to arrive at the New Orleans Pizza store where you placed your order.

To date, we have worked with over 740 groups, helping to raise over \$1 million!

THANK YOU FOR PURCHASING
A COMMUNITY SUPPORT CARD.

\$10

Save and re-use it everyday, all day, until it expires!
Save up to \$16.97 every time you use it!
